This is what we sent to them on April 2nd:

Thank you so much for your email. We did receive the hearing transcript, and our technical staff has been reviewing the information in it. At this point, our plan is to provide some additional questions and comments to WOGCC and Encana by next week. After you receive this and have an opportunity to review our questions and comments, if all parties are interested, we would be open to meeting with WOGCC and Encana to ensure that we are all on the same page with regard to the information that is being requested. Thank you for continuing to ensure that EPA is informed about your ongoing process with WOGCC.

I understand from Linda that we have not heard much from WOGCC since they have received our letter.

Hello Lucita,

We received Director Sadie Hoskie's letter of April 8, 2013, addressed to Tom Kropatsch at the WOGCC. Encana asked me to contact you to ask if you and your clients would be available to discuss the questions that Ms. Hoskie attached to her letter, as well as the status of the aquifer exemption case. We would be happy to

meet with you in person or by telephone, at your convenience.

Thank you,
Walter
